CLAY CITY, KY., THURSDAY

Christian Endeavor.

Program for Christian Endeavor Society, from 6 until 7 p. m. Sunday evening, Feb. 21st, 1909.

Topic, — "Pilgrims Progress" Series 11.

The Slough of Despond, Psalms 69:1-4.

Reference: Kings 19:4, 14, 18; Psalms 27:4, 5; 33:18-20; 37:1-3; 38:15, 16; 40:1-3.

Leader—Mrs. Cecil Williams. The Slough of Despond—Nora Rich.

The Surprise of Pilgrims—Mrs. A. M. Burgher.

Despondence—Lucy Daniel.

Blessings—Ada Johnson.

Duty—Ethel Johnson.

When Not to Prune.

An agricultural exchange says: Do not choose the dormant season to cut back trees that are growing too fast to be fruitful; it will only make them grow the faster in the spring. Wait till they are in full flush of growth in May or June if you want to drive their surplus energies into fruit buds. Be sure to carry a paint pot along with the pruners and whenever a limb as much as an inch in diameter is cut off, cover the wound with oil and white lead to keep out dampness and the entrance of fungus pores that will produce rot. In the spring this cover is not so necessary, for as soon as growth begins the tree will begin to cover its wounds with new wood that will creep over it from all sides.

Negroes Want Office.

Several hundred negro voters of Bell county met at Middlesboro last week and demanded recognition from the Republican party by being allowed one of their number to be placed on the ballot this fall for a county office. They decided to run one of color for Assessor and agreed which of them should run and completed all arrangements for the race.

Old Time Fiddler's Contest.

There will be an old time fiddler's contest in the court house at Stanton, Monday night, Feb. 22, Washington's birthday. A number of old time fiddlers will take a part. A ten dollar cash prize is offered by the Powell County Deposit Bank to the best fiddler, \$5 00 prize to the second best by Hardwick & Co., \$5 00 to the fiddler owning the oldest fiddle in the contest; Robt. Blackburn \$3 00 cash prize the oldest fiddler in the contest. The proceeds go to the erection of an iron fence around the beautiful little cemetery of that town.

Fruit Safe Yet.

By examination it is learned that the fruit buds are still uninjured. The early warm weather threatened to swell the buds as to insure their destruction. The cold weather followed in time to put a stop to further development, and if nothing later happens to it we will have a good fruit year. It is not thought the bloom will be so heavy as usual. It is not thought the bloom will be so heavy as many of the twigs were killed last fall by the extreme dry weather.

Ben F. McKinney, who formerly lived near this city, has sold his farm in Clark county and will have a public sale of all his personal property Feb. 24 and move to Winchester. G. W. Lewis, also a former resident of this county, will have a public sale on Feb. 23, having previously sold his farm as noted in a former issue of this paper.

Penitentiaries.

There are more convicts in the Kentucky penitentiaries than ever before in the Commonwealth, the number being 2,035, not include over 400 girls that have been in the School of Reform at the Frankfort penitentiary. It contained 1,423 convicts overcrowded that were transferred to the penitentiary at Eddyville on Wednesday the 11th. The penitentiary at Eddyville has 410, and when the girls are sent in their February 1st, the number of new prisoners will be far in excess of the record made in 1898.

When the school of reform was completed quite a number of young convicts were transferred to that institution, and this fact, together with the number that have been released on parole, has kept the number inside the walls down below the 1,400 notch for several years. Had it not been for the parole law and the School of Reform, there would probably be over 2,500 convicts in the penitentiaries instead of the 2,035. All the available cell-room is now occupied in the Frankfort prison. If the increase in number continues as it has been doing, it is likely the next Legislature will have to make provision for another cellhouse building, either at Frankfort or at the Eddyville prison.

Scaring Prophecies.

Some people seem to take delight in scaring the timid with alarming stories of what is going to happen to this old earth in the by and by. One professor—they are always professors—says that in 300 years time the coal will all be used up and the people shiver to death. Another asserts that the earth is going to dry up, while another, not to be outdone, says that it is going to be drowned out by a flood worse than anything Noah had to do with. Still another says that the population is growing so fast that somewhere about 200 years hence they will be crowding one another off the globe. And now, as if to even matters, another professor has arisen to tell us that the birthrate is decreasing so fast that the last man will give up the ghost in 2150. It is to be noticed, however, that none of these alarming reports affect the sale of real estate in the Bluegrass where the high-price burley tobacco is being grown.

Buys Bluegrass Farm.

Morgan McKinney, of this county, has bought 91 acres of bluegrass land one and one-half miles from Winchester on the Iron Works pike, known as the Gilky farm at \$85 per acre.

The Combs House, and old time hostelry of Campton, was burned Monday morning.

The date of the big Kentucky State Fair at Louisville has been fixed for Sept. 13 to 18.

J. H. Burgher has moved to Winchester where he has a good position.

John H. Barnes, of Eddyville, has rented James A. Barnes' house and will move as soon as he can get possession. Landrum Cooper, of Calloway's Creek, made a short visit last Monday with his cousin, Mrs. A. C. Barnes.

Bradley will run a special to Washington March 4th to attend his induction into office as well as witness the inauguration of Taft as President. He will not forget his colored brother, but is providing for them a special sleeper for their comfort during the big trip.

There are three thousand Kentuckians living in the state of Washington and they have planned July 30th as Kentucky day at the big Alaska-Yukon-Pacific exposition to be held at Seattle this summer.

The State Farmers' Institute meets at Elizabethtown on February 24th, 25th and 26th. Reduced rates have been made on all railroads.

Landrum Cooper, of Calloway's Creek, made a short visit last Monday with his cousin, Mrs. A. C. Barnes.

R. L. Tipton and wife, Walter Easter and family and Samuel Woods and family spent Sunday with A. C. Barnes and wife.

J. W. Henry has rented from A. C. Barnes all of his corn land and is ready to go to farming as soon as the weather will admit.

Mrs. W. W. Wilson whose illness has been noted is still confined to her room. Her many friends would be glad to see her out again.

Elzy Barnett, of Spout Spring, spent a few hours Sunday with his uncle, A. C. Barnes. He was on his way to Clay City where he started from Monday for Illinois.

It is estimated that 1,423 convicts were transferred to the new penitentiary at Nashville on Wednesday the 1st of February. Mrs. W. N. BUSH:

This would be a

I have no doubt that
the Night Riders went into
thing just because it gave them
an opportunity to ride around
the country at night, in a silly
masquerade, with guns in their
hands, and in their egotistic
hearts that satisfying feeling
that they belonged to a band
that runs things.

If the young men in the rural
communities, and even in some
of the larger towns throughout
the South, cannot be convinced
that habitually to carry a pistol
—unless upon occasions where
one is really needed—is a foolish
thing to do, they can at least be
convinced that it is an expensive
habit. The laws against carry-
ing concealed weapons are good
enough; all that is needed is
their general enforcement by the
proper authorities.

Duelling has been frowned on
in this country for several de-
cades; but it would be better
than such street killing as that
of Carmack, in Nashville, or that
of Gonzales, in Columbia a few
years ago. In a duel each par-
ticipant at least has something
like an equal chance; but when
the "pistol toter" goes after his
man it is not with the idea of
giving him a chance for his life.

If men of influence and a cer-
tain degree of prominence, like
the Coopers in Tennessee, and
the Tillmans in South Carolina,
"tote" deadly weapons with
which to settle their personal
difficulties—if these men of a
class who are supposed to have
had certain educational advan-
tages are "pistol toters," how
then are the inhabitants of the
Reelfoot Lake district, the Ken-
tucky and Tennessee and Geo-
rgia Mountaineers, and the youths
of the narrow inland villages all
throughout the South, who are
lacking in opportunities and po-
sition, to be taught the lesson
that "pistol toting" is a vain,
foolish, criminal and contempti-
ble habit?—Uncle Remus's Home
magazine for February.

The Ways and Means Commit-
tee in the National Congress will
recommend a reduction of the
tariff on most articles. Our Rep-
resentative Langley will bitterly
fight the measure in part, it is
stated. We expected this when
he was elected.

Cannot Collect.

The Secret of Long Life.

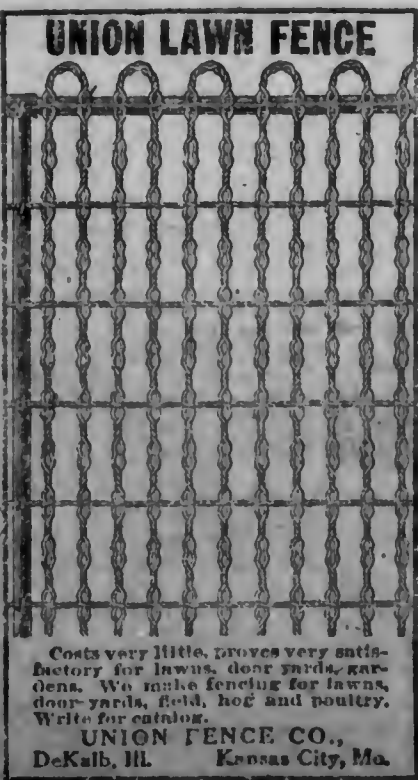

A French scientist has discovered one secret of long life. His method deals with the blood. But long ago millions of Americans had proved Electric Bitters prolongs life and makes it worth living. It purifies, enriches and vitalizes the blood, rebuilds wasted nerve cells, imparts life and tone to the entire system. It's a godsend to weak, sick and debilitated people. Smallest Baby.

Perhaps the tiniest baby in the world is the infant son of Mr. and Mrs. E. P. Lady, of Paducah, which weighs one and one half pounds. The little fellow is bright and healthy and bids fair to live and thrive. The child is about seven inches long and its face could be covered by a watch crystal. His hands and feet are not more than an inch long. He was too tiny for ordinary baby clothes, so one of the neighbors supplied some from the wardrobe of her little daughters doll, which were a nice fit.—Paducah News Democrat.

Soldier Balks Death Plot.

It seemed to J. A. Stone, a civil war veteran, of Kemp, Tex., that a plot existed between a desperate lung trouble and the grave to cause his death. "I contracted a stubborn cold," he writes, "that developed a cough that stuck to me, in spite of all remedies, for years. My weight ran down to 130 pounds. Subscribers, all who will call and settle. The postal laws require that subscribers be paid in advance, and be mailed after one month. We dislike to put the paper to any subscriber who wants it and we also dislike to disobey the law which puts us in a hard place that can be easily remedied by all paying up. Please do this.
